Re: **Agency Tickets-Proposed Repeal and Re-adoption of Regulation 18944.1 and Adoption of Regulation 18944.3**

Dear Chairman Johnson, Commissioners Hodson, Huguenin, Leidigh, and Remy:

We appreciate the opportunity to comment on the proposed new regulations governing the distribution of tickets by state and local agencies that result in a possible gift to an official of the public agency.

A. Proposed Revised Regulation 18944.1

This proposed regulation would require that public official's who receive admission to entertainment or recreational events from their agency, even if the agency owns the facility in which the event is taking place, treat the tickets or passes to the event as a gift under the Political Reform Act. This Office has several concerns with this proposal.

By way of background, the City of San Jose owns the sports and entertainment arena now known as HP Pavilion at San Jose. This building was constructed by the San Jose Redevelopment Agency in the early 1990's at public cost of over $160 million. The City entered into a Management Agreement with the operators of the facility in 1993, pursuant to which the City retained use of a suite and 16 club level seats. The City's use of the box and seats are governed by City Council Policy 9-11, entitled "Distribution of Arena Tickets" (Attachment #1), and administered by the San Jose Arena Authority. Arena Authority staff and members are considered City Officials under the City's Conflict of Interest Resolution.

200 East Santa Clara Street, 16th Floor Tower, San José, CA 95113-1905 *tel* (408) 535-1900 *fax* (408) 998-3131

The policy states that the City's use of the box and seats is limited to the following public purposes: 1) Ceremonial Occasions; 2) Official Welcoming of Visiting Dignitaries; 3) Economic Development Outreach; and 4) Recognition for direct involvement in City related projects/programs. The policy also provides that a City representative be present to assure the appropriate use of the facility, that the use of the tickets is reported to the City Council on a quarterly basis, and that all procedures for the use of the tickets are in compliance with FPPC limitations on gifts.

In the 15 years the policy has been in effect, the overwhelming use of these tickets has been for recognition of City employees, boards, commissions, and community groups that are directly involved in City projects and programs. The attached Report on Distribution of Arena Tickets for First Quarter of 2008, reflects the typical types of uses.

Since the value of these tickets is likely more than $50, the proposed regulations would severely impact San Jose's Arena Ticket Distribution program, which has successfully and efficiently made use of this community asset for public purposes in a fair, transparent and ethical manner for many years.

Particular concerns with the proposed regulation are as follows:

1. Since the term "Public Official" is very broadly defined under the Political Reform Act, virtually any city representative would be covered. The tickets could no longer be used for employee recognition events, or for recognition of volunteers on City boards and commissions which are legitimate public purposes.

2. With regard to the first exception for those performing an "official or ceremonial role or function on behalf of an agency" and the official receives no food, beverage of more than a nominal value", and no "substantial" entertainment or recreation benefit," these terms are too vague and the application impractical. As an example, assuming that hosting a delegation visiting from a sister city is considered an official function for the Director of Economic Development, would he not be able to join the delegation in eating the meal or watching the hockey game from the suite? Given that the facility is a venue for sports and entertainment activities, this would be impractical at best.

3. There is no recognition in the proposed regulation that the tickets being regulated may actually be owned by the public entity. The effect of these proposed regulations is that the State is limiting the City's ability to use its own assets for City purposes.

For the reasons stated above, we urge the Commission to retain the exception currently found in Section 18944.1 (c):" The ticket or passes are provided to the agency as part of the contract for use of the facility and the distribution and use of the passes or tickets are regulated by an officially adopted policy of the agency."

B. Proposed New Regulation 18944.3

This proposed new regulation specifies that "a payment by a government agency that provides food, beverage, entertainment, goods or services of more than a nominal value to an official in that agency is a gift to that official unless the payment is a lawful expenditure of public funds."

This proposed language is too vague to be workable. How is "nominal value" determined? Who decides what is " a lawful expenditure of public funds"? How is a gift distinguished from a stipend or other form of compensation to a City official?

If such a regulation is even necessary, the proposal needs to provide much more guidance.

Conclusion

The proposed new regulations will have a significant impact on how local agencies conduct their business. We urge you to take the time to solicit more input through an interested persons meeting before you take any action. Please contact me at (408) 535-1201 or Patricia.Deignan@sanjoseca.gov with any questions or comments.

Very truly yours,

RICHARD DOYLE, City Attorney

City of San José, California

COUNCIL POLICY

TITLE DISTRIBUTION OF ARENA TICKETS	PAGE 1 of 2	POLICY NUMBER 9-11
EFFECTIVE DATE September 2, 1993	REVISED DATE	
APPROVED BY COUNCIL ACTION		September 2, 1993, Item 9g

BACKGROUND

It is traditional for cities which have built Arenas to have the right to use tickets for seats and/or luxury suites for events which take place in such facilities. Under the Management Agreement with the San José Arena Management Corporation, the City has the use of a luxury suite, which contains sixteen (16) seats as well as sixteen (16) tickets in the "club seating" area of the Arena. The City also has four (4) parking passes which are assigned to the luxury suite and sixteen (16) parking passes which are assigned to the club seats.

In addition to the luxury suite and sixteen club seat tickets, the City may request additional tickets for the celebration of the opening of the Arena and the first regular season hockey game played at the Arena in 1993.

Under its Agreement with the City, the Arena Authority is to administer the use of the luxury suite and other tickets provided to the City in accordance with the Policy for Distribution of Tickets adopted by the City Council.

POLICY

It is the policy of the City of San José that the tickets provided pursuant to the Management Agreement be utilized solely for municipal purposes in accordance with the following guidelines:

City Use

City Officials and Officials of any of the City's subsidiary or related agencies may propose to the Arena Authority to make admission to the City Box or the tickets available to appropriate recipients who are participating in:

Ceremonial Occasions
Official Welcoming of Visiting Dignitaries
Economic Development Outreach
Recognition for direct involvement in City related projects/programs.

Residual Use

To the extent that the Club seats are not reserved for any event, the Arena Authority shall sell the tickets and parking passes at a price not to exceed their face value. The revenue shall be used to support the Arena Authority activities in order to enable reduced support from the City General Fund.

PROCEDURES

The Arena Authority shall develop procedures for the use of the City Box and the Club Seats. At a minimum, the procedures shall include:

1. Use of the Box shall require designation of a "Responsible Party" from the City or one of its subsidiary agencies who shall be required to supervise the use of the Box and ensure that the use does not result in charges to the City or the Arena Authority.

2. Each ticket recipient may be offered one additional ticket for his or her spouse or one guest. Recipients of tickets for the Box can bring additional guests at the cost of a club seat ticket to the extent space in the City Box permits.
3. A mechanism for reporting to the City Council on the distribution of the tickets on a quarterly basis.
4. Procedures with regard to the purchase of food and merchandise from the City Box.
5. Procedures to ensure compliance with the Fair Political Practices Commission limitation of gifts to state and county officials.

This Policy shall be subject to review within one year from its adoption.

Informational Memorandum

To: Debra Figone, City Manager
Ed Shikada, Deputy City Manager

From: Chris Morrisey, Executive Director

Subject: Council Policy on Distribution of Arena Tickets: 1Q2008 Ticket Report

Date: May 30, 2008

BACKGROUND

As provided in the Amended and Restated San Jose Arena Management Agreement between the City of San Jose and HP Pavilion Management, the City has retained the use of sixteen (16) luxury suite seat tickets (City Box) as well as sixteen (16) seats in the Club seating level for events at HP Pavilion at San Jose. These tickets are available *solely* for municipal purposes that are specified in the Policy for Distribution of Arena Tickets adopted by the City Council. Under its agreement with the City, the Arena Authority administers the use of the luxury suite and other tickets provided to the City under the terms of the Management Agreement.

ANALYSIS

During 1Q 2008 there were 70 events conducted at HP Pavilion at San Jose. From an available inventory of 2116 tickets, Arena Authority staff distributed all 2116 tickets during the quarter for qualifying purposes. Ticket distribution for each month included the following: January, 384 tickets; February, 880 tickets; and March, 852 tickets. Ticket sales for the period totaled $0.

The quarterly report (see attachment) lists the events; responsible parties; users of the City box and Club seat tickets; the municipal purposes for each use; and the number of Club Seat tickets used or sold under the program.

Serving as the Responsible Party for qualifying community organizations were the Arena Authority; the City Council offices; the City Manager's Office; the San Jose Sports Authority; the Redevelopment Agency, the City Attorney's Office, and Santa Clara County. With the assistance of the City Council offices, the Arena Authority continues to identify an increasing number of qualifying organizations within the ten City Council districts. It is worth noting that more than 150 organizations from the San Jose community received event tickets during this period with over 35 organizations recommended directly through the Council districts.

COORDINATION

This report was coordinated with the City Manager's Office and the San Jose Arena Authority.
