Proposal to Adopt Regulation 18750.3

Staff of the Fair Political Practices Commission will be holding an interested persons meeting to solicit public input relating to proposed Regulation 18750.3 (Adoption and Promulgation of Conflict of Interest Codes for Charter Schools.)

The proposed regulation codifies Commission advice letters advising that charter schools are required to have a conflict of interest code. It also interprets Section 82011, which provides that the Commission is the code reviewing body for agencies with jurisdiction in more than one county, by defining the term “jurisdiction” as it applies to charter schools. Finally, the proposed regulation requires charter management organizations and education management organizations that hold or control public funds to be included in a conflict of interest code.
