Subject: Please vote to raise CCC Greg Cox's fine

Item 4 on your 4/21 agenda

Self-reporting is a legal requirement, not an act of integrity as Cox tries to portray it.

If true: His Comment... "It is what it is" is so disrespectful.

This is the kind of thing that disillusion regular people about govt. Ethics should be worth more than \$3k and Cox and his wife should both know better. They have a history of "pushing" ethics to the limit.
