COMPLAINANT’S OPENING BRIEF IN
SUPPORT OF THE PROPOSED DECISION

Hearing Judge: Juliet E. Cox
Hearing Date: October 1, 2019
Hearing Time: 9:00 a.m.
Hearing Place: 1515 Clay Street, Suite 206
Oakland, CA 94612

Complainant, the Enforcement Division of the Fair Political Practices Commission (the “Commission”), submits this brief pursuant to Government Code section 83116 and the California Code of Regulations, title 2, sections 18361.5 and 18561.9. The proposed decision of Administrative Law Judge Juliet E. Cox, dated October 23, 2019, for the most part, states findings of fact that are supported by and consistent with the evidence presented at the hearing in this matter on October 1, 2019, in Oakland, California. The proposed decision also contains an accurate statement and application of the law pertinent to this matter.

1 The Political Reform Act is contained in Government Code §§ 81000 through 91014, and all statutory references are to this code. The regulations of the Fair Political Practices Commission are contained in §§ 18110 through 18997 of title 2 of the California Code of Regulations, and all regulatory references are to this source. See §§ 83111 and 83116.

COMPLAINANT’S OPENING BRIEF IN SUPPORT OF THE PROPOSED DECISION
In the Matter of Friends of Chris Stampolis, Friends of Chris Stampolis for Santa Clara School Board 2012, and Chris Stampolis
OAH NO. 2019010677; FPPC NO. 15/1045
The purpose of this brief is to provide Enforcement Division’s recommendation regarding this proposed decision pursuant to Regulation 18361.9(b)(1)(D). Regulation 18361.9 refers to Government Code section 11517 for the possible actions the Commission can take regarding this proposed decision from the Administrative Law Judge after a full hearing on this matter.

Enforcement Division’s recommendation is that the Commission make technical and minor changes to the proposed decision and then adopt it. The Enforcement Division recommends the following technical and minor changes to the proposed decision since the agency may make clarifying changes or a change of a similar nature so long as the change does not affect the factual or legal basis of the proposed decision:

1. On page 5, paragraph 14, there is a misstatement of fact. Amend as follows: “On May 3, 2016, complainant notified the County of Santa Clara by letter, with a copy to respondent, that the Fair Political Practices Commission’s Enforcement Division would be taking “no further action” with respect to the late statements described in Findings 11 and 13.” The letter referenced in this paragraph only pertains to the late statement described in Finding 11.

2. On page 14, paragraph 20, there is a misstatement of law. Amend as follows: “A committee that continues in existence from year to year must pay a $50 fee each year to the Secretary of State. (Gov. Code § 84101.5, subd. (c)(1).) The penalty for late payment (after April 30 January 15) is $150. (Id., subds. (c)(1), (d)(1).) Although the fee is due to the Secretary of State, the Commission must enforce this requirement. (Id., subd. (d)(2)).”

The Enforcement Division agrees with the proposed total administrative penalty of $9,500 for the nineteen proven violations of the Political Reform Act and makes this recommendation to adopt the proposed decision. The law is properly stated and applied in the proposed decision, and the factors identified in Regulation 18361.5 are properly stated and applied. Furthermore, the proposed decision seems to be keenly affected by the mitigating factors present in the case. Respondents filed delinquent campaign statements soon after receiving an email from an Enforcement Division attorney, reported no

activity in the late-filed campaign statements, would have qualified for the Commission’s Streamline Program, and have timely filed campaign statements since receiving the email from the attorney assigned to this case.

While accepting the total administrative penalty of $9,500, it is necessary to note that the Administrative Law Judge did not appreciate the importance of filing campaign statements prior to the Enforcement Division’s first contact. In Finding 14, the Administrative Law Judge placed great weight on a letter from the Enforcement Division to the County of Santa Clara, dated May 3, 2016.\(^4\) The Administrative Law Judge focused on the portion where the Enforcement Division stated it would take “no further action” against the 2012 Committee and Stampolis, but makes no mention of the rest of the letter, which explained the reasoning behind that decision. It was pivotal that the 2012 Committee and Stampolis filed a delinquent campaign statement prior to contact from the Enforcement Division. Due to the timing of the late filing, the Enforcement Division closed the case against the 2012 Committee and Stampolis with “no further action.” A copy of the letter from May 3, 2016 was sent to Stampolis. Although no action was taken at that time, the pattern of late filing is clear.

The Enforcement Division ultimately decided to pursue nine late-filing counts against the Friends Committee, the 2012 Committee, and Stampolis due to circumstances present in this case. The Friends Committee, the 2012 Committee, and Stampolis have been involved in Stampolis’s candidacy for many years for many different offices, received ample notices from the County of Santa Clara regarding their failure to timely file campaign statements, and received the letter from May 3, 2016, which indicated that the Enforcement Division actively enforced the laws concerning the timely filing of campaign statements. For these reasons, Respondents knew or should have known about their campaign filing obligations at the time of their filing violations. Respondents eventually filed their delinquent campaign statements, but that occurred only after an Enforcement Division attorney contacted Stampolis. The delinquent statements were filed 4 to 14 months after they were due.

---

\(^4\) Respondent’s Ex. D.
The Enforcement Division pursued all nine late-filing counts and ten annual fee counts against Respondents with the understanding that the Administrative Law Judge might not adhere to the fine amounts normally approved by the Commission for similar violations, since the reporting (when the campaign statements were finally filed) showed no activity, and with the consideration that all late filer counts would be included in an Enforcement Streamline settlement. The Enforcement Division presented this case to the Administrative Law Judge with the intent of securing legal findings in its favor for all nineteen counts, to bolster the Commission’s dedication to promoting and upholding transparency in California’s political system. The Enforcement Division believes that the proposed decision accomplishes that mission.

No additional material evidence could have been discovered, using reasonable diligence, and presented at the administrative hearing. Thus, the Enforcement Division respectfully requests that the Commission make technical and minor changes in the proposed decision and adopt it as the decision.
