Updates (as of 1/3/24)

- **In Committee:** AB 1170 (Valencia) is set for hearing in the Assembly Elections Committee on 1/10/24.

Status and Summaries

- **[AB 1170 \(Valencia\) – Electronic Filing of SEIs \(Form 700s\)](#)**

Status: Set for hearing in the Assembly Elections Committee on 1/10/24

Short Summary: AB 1170 would (1) require officials whose filing officer is the Commission to file their SEIs (Form 700s) using the Commission’s electronic filing system, (2) require redaction of certain information from SEIs posted online by the Commission, and (3) allow for immediate electronic retention of certain reports and statements.

Detailed Summary:

Electronic filing of SEIs: Existing law provides that the Commission is the filing officer for statewide elected officers and candidates and other specified public officials. Generally, these public officials file their SEI with their agency or another person or entity, who retain a copy of the statement and then forward the original statement to the Commission. AB 1170 would instead require public officials for whom the Commission is the filing officer to file their SEIs directly with the Commission using the Commission’s electronic filing system.

Redaction of certain information: Existing law requires the Commission to redact private information, including signatures, from the data made available on the internet about SEIs filed through the Commission’s online filing system. The bill would provide that the information required to be redacted additionally includes the personal residential address and telephone number of the filer, and the street name and building number of the filer’s business address and any real property interests.

Electronic retention of reports and statements: Existing law requires filing officers to retain certain reports and statements in paper format for 2 years before converting those filings to electronic or other specified formats. The bill would authorize filing officers to retain reports and statements in electronic or other specified formats immediately upon receiving those reports or statements.

Other Commission Proposals:

- AB 868 (Wilson) – Create a public record of digital campaign ads (2-year bill)
- Transfer lobbying audit duty
- Separate placement agent requirements from lobbying requirements
- Authorize creation and maintenance of local ethics training course
- Commission study on best practices for digital political advertisements
- Broaden the government salary exemption in the definition of “income” to promote equity
- Add additional authority for filing officers to waive the late filing fee
- Other minor changes and cleanup proposals

5. Other Commission-Related Bills

- None as of the date of this report.
