Interested Persons Meeting – FPPC Website Debut

August 20, 2015

Come join Chair Jodi Remke and the FPPC team as they celebrate the debut of the Commission’s new public website. Over the last several months, FPPC staff has been working diligently to not only improve the look and feel of the site, but also to increase the site’s functionality, searchability, and intuitiveness.

As part of the ongoing efforts to increase transparency through technology the website contains many new features including: improved search functionality of Form 700s and other transparency documents; a visually dynamic heat map displaying approved enforcement actions across California; and a consolidated Transparency Portal, which allows users to search through FPPC disclosure forms and approved enforcement actions in one easy-to-use location.

This is an informal meeting of individuals interested in the Commission’s website, FPPC staff, and the Chair. After the presentation, there will be an opportunity to meet and converse with members of the FPPC team. Light appetizers and beverages served prior to the start of the event. A short agenda for the presentation is below.
