Re: Your Request for Advice
Our File No. A-86-098

Dear Ms. Golding: -

Thank you for your request for advice in regard to your reporting obligations on your Statement of Economic Interests. You indicated that you made a personal loan to your controlled campaign committee. The loan has been reported on your committee campaign statement. You asked if you are required to report receipt of the repayment of the loan on your annual Statement of Economic Interests.

The repayment of the loan from your campaign committee is not required to be reported on your Statement of Economic Interests. However, if the payment includes interest, the receipt of the interest must be disclosed on Schedule D.

If you have any additional questions, please feel free to give me a call at (916) 322-5662.

Sincerely,

A handwritten signature in cursive script that reads "Alice Hughes".

Sacramento, CA 95804

Dear Alice,

As part of a telephone conversation we had a few weeks ago, you had asked that I put my inquiry in writing so that you could respond.

My specific question centers around a personal loan I made to my campaign committee in 1984.

The committee has partially paid back that loan but has not fully retired the original loan. I want to know if it is necessary to report either the original loan or those repayments made to me from my committee on my SEI in any category?

I have reported the existence of the loan on my Campaign Statement. I want to know if there were any requirements that I report anything further regarding the loan made by me or subsequent partial payments made back to me from the committee on my annual Statement of Economic Interest?

Let me thank you in advance for your response to my request for information and I look forward to hearing from you.

Sincerely,

SUSAN GOLDING
