QUESTION: Is a committee "primarily formed" if it supports a bond measure
in the Nov. 8 election (all funds received are intended to
support this measure) and ^{the committee} makes an occasional contribution to
a couple of other measure committees formed for similar interests?
The measure is the result of a bill Senator Roberti sponsored. The
Senator is very interested in the measure and will be endorsing it.
 ANSWER: The Senator will also attend fundraisers supporting the measure
and his name will appear on the measure committee's letterhead.

The measure committee is considered a primarily formed committee.
Based on the facts presented, the measure committee is not
controlled by Senator Roberti. I suggest she write the Commission
outlining the Senator's involvement.
