**Warning Letter Re: FPPC No. 11/1145; Igor Galperin**

Dear Mr. Galperin:

The Fair Political Practices Commission ("FPPC") enforces the provisions of the Political Reform Act ("Act"),<sup>1</sup> found in Government Code Section 81000, et seq. This letter is in response to a non-filer referral from the State Compensation Insurance Fund that alleged you violated the Act's disclosure provisions regarding filing your Statements of Economic Interests (SEI).

The FPPC has completed its investigation of the facts in this case. Specifically, the FPPC found that you violated the Act's disclosure provisions when, as a consultant to the State Compensation Insurance Fund, you failed to properly file your 2010 Annual SEI for the period of March 21, 2010 through December 31, 2010. You also failed to properly file your Leaving Office SEI, Form 700, covering the period of January 1, 2011 through March 22, 2011, within thirty days upon leaving office on March 22, 2011.

Section 87200 of the Act requires certain public officials to disclose reportable interests. Every candidate for the offices specified in § 87200 shall file no later than the final filing date of a declaration of candidacy, a statement disclosing his or her investments, interests in real property, and any income received during the immediately preceding 12 months. Every person who is elected shall then file a statement within 30 days after assuming office. Throughout the duration of holding that office, he or she shall file an annual statement at the time specified by Commission regulations. Lastly, every person who leaves office shall file within 30 days of leaving office.

Your actions violated the Act because you failed to file your Statements of Economic Interests in a timely manner. However, since you do not have a significant history of violating the Act, and you no longer hold your position, we are closing your case with this warning letter. The information in this matter will be retained and may be considered should an enforcement action become necessary based on newly discovered information or future conduct. Failure to
