Re: FPPC File No. 090490; Nancy S. Mueller

Dear Ms. Mueller:

On July 16, 2009, we sent you a warning letter concerning your failure to file a late contribution report with regard to a contribution made to Steve Poizner for Insurance Commissioner in 2006. In response to that letter, you provided copies of correspondence from the Office of the Secretary of State wherein they acknowledge receipt of the report, and further, substantially reduced your penalty for the late filing of the report.

Thank you for maintaining copies of the correspondence from the Office of the Secretary of State to substantiate your filing. As of this writing, the Secretary of State's website does not reflect the filing of the late contribution report that was the subject of our letter.

The previous warning letter sent to you has been rescinded.

Sincerely,

REDACTED
