Instructions – Schedule A-2 Investments, Income, and Assets of Business Entities/Trusts

Use Schedule A-2 to report investments in a business entity (including a consulting business or other independent contracting business) or trust (including a living trust) in which you, your spouse or registered domestic partner, and your dependent children together had a 10% or greater interest, totaling \$2,000 or more, during the reporting period and which is located in, doing business in, planning to do business in, or which has done business during the previous two years in your agency's jurisdiction. See Reference Pamphlet, page 13. A trust located outside your agency's jurisdiction is reportable if it holds assets that are located in or doing business in the jurisdiction. Do not report a trust that contains non-reportable interests. For example, a trust containing only your personal residence not used in whole or in part as a business, your savings account, and some municipal bonds, is not reportable.

Also report on Schedule A-2 investments and real property held by that entity or trust if your pro rata share of the investment or real property interest was \$2,000 or more during the reporting period.

To Complete Schedule A-2:

Part 1. Disclose the name and address of the business entity or trust. If you are reporting an interest in a business entity, check "Business Entity" and complete the box as follows:

- Provide a general description of the business activity of the entity.
- Check the box indicating the highest fair market value of your investment during the reporting period.
- If you initially acquired or entirely disposed of this interest during the reporting period, enter the date acquired or disposed.
- Identify the nature of your investment.
- Disclose the job title or business position you held with the entity, if any (i.e., if you were a director, officer, partner, trustee, employee, or held any position of management). A business position held by your spouse is not reportable.

Part 2. Check the box indicating your **pro rata** share of the **gross** income received by the business entity or trust. This amount includes your pro rata share of the **gross** income from the business entity or trust, as well as your community property interest in your spouse's or registered domestic partner's share. Gross income is the total amount of income before deducting expenses, losses, or taxes.

Part 3. Disclose the name of each source of income that is located in, doing business in, planning to do business in, or that has done business during the previous two years in your agency's jurisdiction, as follows:

- Disclose each source of income and outstanding loan to the business entity or trust identified in Part 1 if your pro rata share of the **gross** income (including your community property interest in your spouse's or registered domestic partner's share) to the business entity or trust from that source was \$10,000 or more during the reporting period. See Reference Pamphlet, page 11, for examples.

Income from governmental sources may be reportable if not considered salary. See Regulation 18232. Loans from commercial lending institutions made in the lender's regular course of business on terms available to members of the public without regard to your official status are not reportable.

- Disclose each individual or entity that was a source of commission income of \$10,000 or more during the reporting period through the business entity identified in Part 1. See Reference Pamphlet, page 8, for an explanation of commission income. You may be required to disclose sources of income located outside your jurisdiction. For example, you may have a client who resides outside your jurisdiction who does business on a regular basis with you. Such a client, if a reportable source of \$10,000 or more, must be disclosed.

Mark "None" if you do not have any reportable \$10,000 sources of income to disclose. Using phrases such as "various clients" or "not disclosing sources pursuant to attorney-client privilege" may trigger a request for an amendment to your statement. See Reference Pamphlet, page 14, for details about requesting an exemption from disclosing privileged information.

Part 4. Report any investments or interests in real property held or leased by the entity or trust identified in Part 1 if your pro rata share of the interest held was \$2,000 or more during the reporting period. Attach additional schedules or use FPPC's Form 700 Excel spreadsheet if needed.

- Check the applicable box identifying the interest held as real property or an investment.
- If investment, provide the name and description of the business entity.
- If real property, report the precise location (e.g., an assessor's parcel number or address).
- Check the box indicating the highest fair market value of your interest in the real property or investment during the reporting period. (Report the fair market value of the portion of your residence claimed as a tax deduction if you are utilizing your residence for business purposes.)
- Identify the nature of your interest.
- Enter the date acquired or disposed only if you initially acquired or entirely disposed of your interest in the property or investment during the reporting period.

**Instructions – Schedule C
Income, Loans, & Business Positions
(Income Other Than Gifts and Travel Payments)**

Reporting Income:

Report the source and amount of gross income of \$500 or more you received during the reporting period. Gross income is the total amount of income before deducting expenses, losses, or taxes and includes loans other than loans from a commercial lending institution. See Reference Pamphlet, page 11. You must also report the source of income to your spouse or registered domestic partner if your community property share was \$500 or more during the reporting period.

A source of income must be reported only if the source is located in, doing business in, planning to do business in, or has done business during the previous two years in your agency's jurisdiction. See Reference Pamphlet, page 13, for more information about doing business in the jurisdiction. Reportable sources of income may be further limited by your disclosure category located in your agency's conflict of interest code.

Reporting Business Positions:

You must report your job title with each reportable business entity even if you received no income during the reporting period. Use the comments section to indicate that no income was received.

Commonly reportable income and loans include:

- Salary/wages, per diem, and reimbursement for expenses including travel payments provided by your employer
- Community property interest (50%) in your spouse's or registered domestic partner's income - **report the employer's name and all other required information**
- Income from investment interests, such as partnerships, reported on Schedule A-1
- Commission income not required to be reported on Schedule A-2 (See Reference Pamphlet, page 8.)
- Gross income from any sale, including the sale of a house or car (Report your pro rata share of the total sale price.)
- Rental income not required to be reported on Schedule B
- Prizes or awards not disclosed as gifts
- Payments received on loans you made to others, including loan repayments from a campaign committee (including a candidate's own campaign committee)
- An honorarium received prior to becoming a public official (See Reference Pamphlet, page 10, concerning your ability to receive future honoraria.)
- Incentive compensation (See Reference Pamphlet, page 12.)

Reminders

- Code filers – your disclosure categories may not require disclosure of all sources of income.
- If you or your spouse or registered domestic partner are self-employed, report the business entity on Schedule A-2.
- Do not disclose on Schedule C income, loans, or business positions already reported on Schedules A-2 or B.

You are not required to report:

- Salary, reimbursement for expenses or per diem, or social security, disability, or other similar benefit payments received by you or your spouse or registered domestic partner from a federal, state, or local government agency.
- Stock dividends and income from the sale of stock unless the source can be identified.
- Income from a PERS retirement account.

See Reference Pamphlet, page 11, for more exceptions to income reporting.

- Disclose the name and address of each source of income or each business entity with which you held a business position.
- Provide a general description of the business activity if the source is a business entity.
- Check the box indicating the amount of gross income received.
- Identify the consideration for which the income was received.
- For income from commission sales, check the box indicating the gross income received and list the name of each source of commission income of \$10,000 or more. See Reference Pamphlet, page 8. **Note: If you receive commission income on a regular basis or have an ownership interest of 10% or more, you must disclose the business entity and the income on Schedule A-2.**
- Disclose the job title or business position, if any, that you held with the business entity, even if you did not receive income during the reporting period.

Part 2. Loans Received or Outstanding During the Reporting Period

- Provide the name and address of the lender.
- Provide a general description of the business activity if the lender is a business entity.
- Check the box indicating the highest balance of the loan during the reporting period.
- Disclose the interest rate and the term of the loan.
 - For variable interest rate loans, disclose the conditions of the loan (e.g., Prime + 2) or the average interest rate paid during the reporting period.
 - The term of the loan is the total number of months or years given for repayment of the loan at the time the loan was entered into.
- Identify the security, if any, for the loan.
