Subject: CA Coastal Commissioner Greg Cox's \$3K "ethics" fine

Dear Commission members:

"It is what it is." This Greg Cox quote in a recent article is an outrage. I was very disillusioned about details around this expose, as I was at Commissioner Cox's nominal \$3,000 fine for his and his wife's conflict of interest with SeaWorld. Commissioner Cox: Isn't self-reporting a legal requirement in California?

Re: tomorrow's agenda, please address raising the amount of this ridiculous fine.

Sincerely,

Lindie OBrien
