Subject: Form 700 PDF

EXTERNAL EMAIL

Many elected officials need more than one page of various schedules when completing their form 700. The PDF, as it is currently formatted, makes the fields repeat when you try to add another page to the PDF. Is there an easy way around this? Many people I have spoken to go to various lengths to work around this data entry issue. Please let me know if there is an easy fix that I am missing. And yes, I do need to use the PDF format for corresponding with my assemblymember. I currently have the assembly IT department working on how to rectify this for me, and they are struggling with it, as well.

Thank you,

Pamela Sheppard

Scheduler, Assemblymember Al Muratsuchi
