Hello my name is Dana Corso and I have tried to submit documents related to item number 5 to support my motion to vacate the default decision. This is another attempt to request the commissioners to allow me the opportunity to prove this decision is wrong. I worked with the FPPC and the City Clerk for over a year clearing up any issues that were brought to my attention. I have all the correspondences between myself and the employees at the FPPC plus the City Clerks. I was never served with any papers related to this and after reviewing that allegation that I was served at 5256 S Mission is absolutely not true. The FPPC is suppose to promote civil engagement by ensuring fairness and transparency of California Political Process. Please allow for a fair trial. Thank you!
