At the request of Nancy Millsap, I am contacting you to have her signature removed from the document she signed in ref. to the case 20/416. Ms. Millsap never saw the 3 page letter, was not informed of the letter or its reason and signed it to just to get the male person that came to her residence off her porch and to leave. She was uncomfortable and due to the situation does not want to be personally involved; hence her request is being addressed by me. Please confirm that her signature will be removed.

Thank you,
Gwen Kellas
