Dear commissioners,

We thank you so much for taking this matter seriously. I only wish we had more advance notice and we would be able to stand before you to show our heartfelt compassion for the students of Oceanside.

This blatant violation in the last 2 elections with the mailer (no mailers sent in the interm) screams desperation by the administration, who had to okay the flyer , and the board, to keep their 5-0 vote on everything, including pay raises.

Please look at our CAAP scores over the years to see that these administration raises are NOT merited .

We are merely local parents, grandparents who have attended school board meetings faithfully for 5 years , while Todd Madison and Emily Wichmann have been involved longer than most board members.

We are there for the students' benefit and have nothing to gain monetarily, unlike the administration.

We have pounded the streets in the last 2 elections trying to get qualified candidates on the school board, and were shocked at the use of district money in an election, as well as the help of the unions backing their incumbents. That includes a trustee who works for the union and helped with the flyer. I cannot believe this would even be allowed.

We have a list of unethical , if not corrupt actions by this board and school district, but this one is thankfully being investigated by you.

Please restore our faith in fair elections with a fair resolution to this violation.

Regards,

Patti Kirchwehm
