To: Members of the Commission
Fr: The Budget and Personnel Committee

Re: October 2 B&P Meeting

The Budget and Personnel Committee met October 2, 2019 at 10:00 am, via teleconference.

The Executive Director updated the Committee on which jurisdictions are seeking to contract with the FPPC for some or all of their PRA and related administration and enforcement. We have reached agreement with San Bernardino County and are near an agreement with another county. Four cities have also made inquiries about the program.

The Committee also discussed holding a ceremony to commemorate the 45th anniversary of the Political Reform Act. The tentative plan is to hold a ceremony Friday November 22, since the FPPC is meeting for two days in November to deal with its regular business (on the 21st) as well as review its enforcement priorities (on the 22nd).

The Committee was then briefed on a Commission education initiative, through which the Commission would produce ten videos addressing the most frequently asked questions of new candidates.

The Committee then adjourned into closed session to discuss nonpublic budget and personnel matters.
