General Information~~:~~

Behested payments are payments made principally for legislative, governmental, or charitable purposes under Government Code Section 84200.5. These payments are not for campaign purposes and any personal benefit may constitute a gift to the official subject to the applicable gift limit.

Generally, a payment is made at the behest if it is requested, solicited, or suggested by the official, or otherwise made to a person in cooperation, consultation, coordination with, or at the consent of, the elected officer or CPUC member (Gov. Code Section 82041.3.). This also includes payments behested by the official's agent or employee on the official's behalf.

Exceptions: There are certain circumstances where an official does not have to report a payment made at their behest.

- **Government Payments:** If the behested payment is made by a state, local, or federal government agency and is principally for legislative or governmental purposes, the payment does not have to be reported.
- **Public Appeal for Payments:** If the appeal for payment is made publicly by television, radio, billboard, online platform, or a public speech, the payment does not have to be reported. However, the "public appeal" exception does not apply to a public speech made at a fundraising event where the official consented to speak, to be featured in a solicitation, or the official solicits payments to the payee organization.

Limits to the Public Appeal Exception:

- The exception does not apply if the official, a member of their staff or their immediate family is in a decision-making role, a salaried employee, an honorary or advisory board member, or a founding member of the payee nonprofit or private organization.
- The exception does not apply if the official learns, within two years of the payment, that a specific payment was made in response to their public appeal. If the official learns of the payment within that two-year period, the ~~30-day~~ reporting deadline begins on the date the official becomes aware of the payment. The report is due within 30 days after the end of the calendar quarter in which the official learned of the payment.

Sample: Written Request For Information From a Payee

When the official makes a behest for payment, but is otherwise unaware of the reportable payment information, the reporting requirements necessitate that the official request the information from the payee. As a best practice, this request should be sent as soon as the official makes the behest for payment. Sending a written request such as the sample provided below, 30 days prior to the reporting deadline, will constitute a reasonable effort to obtain the payment information when filing with estimated payment or estimated date information. (See Regulation 18424.1(a).)
