Subject: Conversation with Ken Ito, Los Angeles City Clerk's Office

Ken Ito of the Los Angeles City Clerk's Office called today to ask if it was acceptable to send mailgrams as notifications for late contributions. I said the staff had been advising mailgrams were allowed and that advice had been endorsed by the Commission.

He said that they have received a number of mailgrams more than 48 hours after they were sent. I said that the mailgrams were acceptable and that he should use the date indicated on the mailgram as the date of receipt in the City Clerk's Office.
