Re: Your Request for Advice
Our File No. I-87-121

Dear Mr. Shapiro:

On April 17, 1987, we received your letter dated April 15, 1987. Unfortunately, it was misplaced. This is not a common occurrence in this agency, but it can happen. I hope you will accept my sincere apology for the delay in responding.

You have written with concerns about the San Diego Community College District Foundation. You believe that its directors should be filing statements of economic interest (SEIs), but they apparently have not done so.

The Political Reform Act ^{1/} requires the Commission to provide formal written advice to any person whose duties under the Act are in question. The Commission does not provide advice to third parties seeking advice concerning another person's duties under the Act. (Regulation 18329(b)(8)(B); copy enclosed) Consequently, we are not able to provide advice on the issue you raise in your letter.

Let me note, generally, that directors of community college auxiliary organizations are not required to file SEIs unless they are designated as filers by their agency's conflict of interest code. You have indicated that the San Diego foundation has not so designated its directors. You might raise this issue with the foundation if you have not done so already.

Sincerely,

A handwritten signature in cursive script that reads "Diane M. Griffiths".

Diane M. Griffiths
General Counsel

To Whom it may Concern:

The San Diego Community College District Foundation has not filed any conflict of interest code nor has its directors filed any statements of economic interest. I believe that the Foundation is a public agency and should have filed.

The foundation was created by the San Diego Community College District (District) and all of its directors are appointed by the District. The Foundation performs functions that are identical to the District, namely teaching of courses in the District's classrooms. Furthermore, the Chancellor of the District is the Chief Executive Officer of the Foundation. These are some of the reasons that I believe the Foundation is a public agency and should have filed statements with you.

I would appreciate receiving copies of any correspondence between you and the Foundation plus your opinion on the matter.

Sincerely,

Melvin Shapiro
